NextGen Car Engine Oils

Charge 4000 5W-30

Fully Synthetic / NextGen Car Engine Oil

Octagen Charge 4000 5W-30 is fully synthetic engine oil, suitable for use in petrol, diesel and CNG powered engines. Formulated from high quality synthetic base oil and advanced additive technology, it enables engine to withstand high temperatures, plus assures superior wear protection and performance in city traffic as well as in high speed driving conditions.

Key benefits: Faster oil flow for quicker engine warm -up ■ Minimizes friction at engine start ■ Prevents oil from thickening and keeps it flowing freely ■ Keeps engine clean and running efficiently ■ Extended oil drain interval ■ Provides adequate protection against wear caused by high temperature and excessive friction

Meets requirements of: API SN, ACEA A5/B5, MB Approval 229.5, MB Approval 229.3, MB Approval 229.1, Volkswagen 501 01 / 502 00 / 505 00, Jaguar Land Rover ST JLR.03.5003, FORD WSS-M2C913-D, Renault RN0710

Pack Size: 1L, 3L, 3.5L, 4.5L

Charge 4000 15W-40

Fully Synthetic / NextGen Car Engine Oil

Octagen Charge 4000 15W-40 is fully synthetic engine oil, suitable for use in petrol, diesel and CNG powered engines. Formulated from high quality synthetic base oils and advanced additive technology, it enables engine to withstand high temperatures, plus assures superior wear protection and performance in city traffic as well as in high speed driving conditions.

Key benefits: Provides increased protection in high and low temperature application ■ Minimizes friction at engine start ■ Helps to maintain protection throughout the oil drain interval ■ Keeps engine clean and running efficiently ■ Low oil consumption, less frequent top up

Meets requirements of: API CI-4 Plus, CI-4, CH-4, CG-4, CF, API SL/SJ, ACEA E7-04, E2 -96, Cummins 20077, 20078, MB 228.3, Volvo VDS-3, CAT ECF -1A, CAT ECF -2, MAN 3275

Pack Size: 1L, 3.5L, 5L

Charge 4000 10W-40

Fully Synthetic / NextGen Car Engine Oil

Octagen Charge 4000 10W-40 is fully synthetic engine oil, suitable for use in petrol, diesel and CNG powered engines. Formulated from high quality synthetic base oil and advanced additive technology, it enables engine to withstand high temperatures, puls assures superior wear protection and performance in city traffic as well as in high speed driving conditions. It's exceptional oxidation and thermal stability extends engine life by minimizing sludge build-up.

Key benefits: Provides increased protection in high and low temperature application ■ Minimizes friction at engine start ■ Helps to maintain protection throughout the oil drain interval ■ Keeps engine clean and running efficiently ■ Low oil consumption, less frequent top up

Meets requirements of: API SN, ACEA A5/B5, MB Approval 229.5, MB Approval 229.3, MB Approval 229.1, Volkswagen 501 01 / 502 00 / 505 00, Jaguar Land Rover ST JLR.03.5003, FORD WSS-M2C913-D, Renault RN0710

Pack Size: 3.5L

Charge 3000 20W-50

Premium Car Engine Oil

Octagen Charge 3000 20W-50 is premium quality engine oil, suitable for use in petrol, diesel and CNG powered engines. Its unique anti-wear additives system resists wear under all operating conditions by forming a protective layer on contact surface. Its multi-grade viscosity provides additional protection against wear at start-up and under high temperature operating conditions.

Key benefits: Excellent protection against wear and corrosion ■ Excellent oxidation resistance reduces oil consumption ■ Maintains optimum viscosity at all temperatures ■ Smooth engine operation

Meets requirements of: SL/CF

Pack Size: 1L, 3L, 3.5L

PRODUCT RANGE:

BIKE ENGINE OILS

TRACTOR ENGINE OILS

TRUCK ENGINE OILS

GEAR/TRANSMISSION OILS

AUTOMOTIVE GREASES

COOLANT

HYDRAULIC OILS

INDUSTRIAL GREASES
