POWER. PROTECTION. PERFORMANCE.

Advanced Motorcycle Engine Oils

## Vitamin E 500 Scooter 5W-30

**Fully Synthetic** / Advance Scooter Engine Oil

Octagen Vitamin E 500 Scooter 5W-30 is fully synthetic oil for modern four-stroke scooter engines with automatic transmission. Its superior quality base oil is engineered with robust additives package, providing higher oxidation control which reduces sludge deposit and optimises engine performance. Its advanced performance additives ensure smoother ride even in severe city stop-and-go driving condition and gives excellent year-round protection to engine. Suitable for modern 4 stroke engines where API SN and JASO MB quality oil is required.

**Key benefits:** Reduces engine noise and vibration ■ Excellent Acceleration ■ Protects & prolongs engine life ■ Keeps engine parts clean ■ Reduces fuel consumption due to its highly effective friction modifier

**Meets requirements of:** API SN, JASO MB

**Pack Size:** 600 ML

## Vitamin E 500 10W-30

**Fully Synthetic** / Advance Motorcycle Engine Oil

Octagen Vitamin E 500 10W-30 is fully synthetic four-stroke motorcycle oil that provides an outstanding performance in today's high performance motorcycles. Its superior quality base oil is engineered with robust additives package, providing higher oxidation control which reduces sludge deposit and optimises engine performance. Its advanced performance additives ensure excellent thermal and oxidation stability.

**Key benefits:** Gear protection during frequent gear changes ■ Oxidation stability for prolonged oil life ■ Wear protection for extended engine life ■ Optimum friction to prevent clutch slippages ■ Noise & vibration reduction for better riding experience

**Meets requirements of:** API SN, JASO MA2

**Pack Size:** 900 ML

## Vitamin E 500 20W-40

**Fully Synthetic** / Advance Motorcycle Engine Oil

Octagen Vitamin E 500 20W-40 is fully synthetic four-stroke motorcycle oil. Its superior quality base oil is engineered with robust additives package, providing higher oxidation control which reduces sludge deposit and optimises engine performance. Its advanced performance additives ensure excellent thermal and oxidation stability which maintains the viscosity and ensures prolonged oil life. Octagen Vitamin E 500 20W-40 provides uncompromised protection to gears during frequent gear changes and prevents clutch slippage hence giving the riders an exhilarating riding experience.

**Key benefits:** Gear protection during frequent gear changes ■ Oxidation stability for prolonged oil life ■ Wear protection for extended engine life ■ Optimum friction to prevent clutch slippages ■ Noise & vibration reduction for better riding experience

**Meets requirements of:** API SN, JASO MA2

**Pack Size:** 900 ML

## Vitamin E 4T 20W-40

4T Premium Motorcycle Oil

Octagen Vitamin E 4T 20W-40 is premium four-stroke motorcycle engine oil specially formulated for high performance motorcycles that operate under severe conditions like high speed and high temperature. Its premium additive technology provides superior wear protection, keeps engine clean, reduces noise and vibration, and ensures extended engine life.

**Key benefits:** Gear protection during frequent gear changes ■ Oxidation stability for prolonged oil life ■ Wear protection for extended engine life

**Meets requirements of:** API SL, JASO MA2

**Pack Size:** 900 ML
